# INFINITY JARS

THE CIRCULAR  
GLASS CONTAINER

STOELZLE  
FOOD & BEVERAGES

INTRODUCING

# INFINITY JARS

**1** CONVENIENT AND USER-FRIENDLY LIDS & SEALING.

Our unique regular or deep Twist Off closure systems firmly seal the Infinity Jars, keeping them airtight and providing optimal protection. For additional decoration options, add your company logo and design to the lid.

**2** LARGE NECK FOR AN EASY FILL AND REMOVAL.

The straight or conical design of the Infinity Jars is ideal for filling with a variety of foods and allows the content to be easily removed from the jar, as no narrow mouths restrict the filling or emptying process.

### 3 SAFETY IS OUR TOP PRIORITY.

The Safety Ring, directly below the jar neck, prevents the lid and glass neck from rubbing against one another reducing vacuum, and “wear and tear” that cause brittle edges.

### 4 PERSONALIZE YOUR JARS.

The smooth surface of the Infinity Jars facilitates simplified application of labels and decoration of the jars.

NO LIMITS TO THE USE

# FIELDS OF APPLICATION

The neck of the Infinity Jar is the widest part of the jar, which simplifies the removal of contents – by either flipping or spooning out puddings, desserts, and other items. The use of these jars stretches as far as the imagination, which is why we call it the Infinity Jar.

**THE JARS ARE A PERFECT FIT FOR FOODS SUCH AS:**

- Jams, honey & other spreads
- Fruit and vegetable preserves
- Fish & meat preserves
- Yogurt & cereals
- Pudding & desserts
- Sauces & Pesto

## ARTICLES

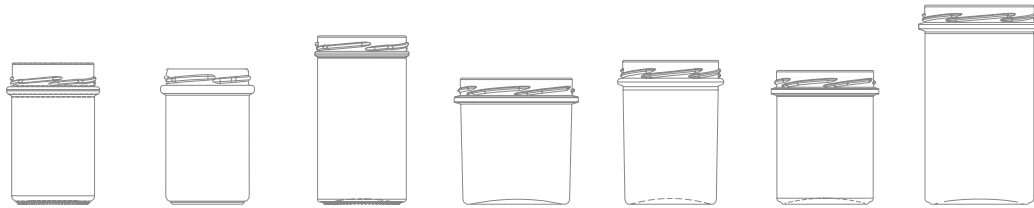

# INFINITY JARS

Our Infinity Jar product line includes all of our glass jars with a straight or slightly conical shape. The jars can be used universally and are ideal for use as jam jars, preserve jars, honey jars, dessert jars or yogurt jars.

We are happy to advise you personally about our products and additional services such as closures, decoration, product developments as well as customised packaging solutions.

YOUR BEST OPTION

# GLASS

## THE BEST PACKAGING MATERIAL.

Glass offers a variety of benefits for packaging foods & beverages. Glass jars and bottles ensure pure taste, are 100% inert, meaning glass cannot contaminate the contents. In addition to this, the Infinity Jars not only protect the product, but also the user.

- Pure taste
- Inertness
- Recyclability
- Protecting content and consumers

## RECYCLABLE

GLASS CAN BE RECYCLED INFINITE TIMES WITHOUT LOSING QUALITY. THIS SAVES ENERGY, RAW MATERIALS AND REDUCES EMISSIONS.

## INERT

GLASS IS IMPERMEABLE AND HIGHLY INERT – IT WILL NOT FORM ANY COMPOUNDS WITH ITS CONTENTS.

GLASS IS  
**100 %**

## NATURAL

GLASS IS ENTIRELY PRODUCED BY NATURAL MATERIALS. THEREFORE, GLASS PACKAGING SECURES CUSTOMERS HEALTH.

## TASTELESS

CONSUMERS USUALLY PREFER GLASS PACKAGING AS IT DOES NOT DISTORT THE FLAVOR OF THE FOODS AND BEVERAGES IT CONTAINS.

ALL-IN-ONE SOLUTION

# ONE-STOP- SHOP

We provide our customers not only with the right glass solution, but also the decoration that will set them apart from competitors, as well as the ideal closure to keep products and customers safe. Stoelzle is able to supply a broad range of closures and caps for almost all standard and customized items. We will assist you in finding the most suitable closure fit to your custom product while advising you on safety, usability and design.
